# Get Your Physics On

with the Motion Master

<b>9 DEC 2023</b>	<b>10AM - 11.30AM</b>	<b>MCKL College</b> (Penang, Pykett Campus)
-----------------------	-------------------------------	---

## INTRODUCTION

Discover the physics of circular motion and the Doppler effect in this interactive workshop! Learn about the forces behind circular motion and explore the fascinating relationship between sound and motion. Do not miss out on this opportunity to expand your knowledge!

## WHAT YOU WILL ACHIEVE

- Develop a general understanding of the force that acts during circular motion.
- Explore the fascinating concept of Doppler's effect and learn how it is applied in star observation.
- Discover how to incorporate the concept of sound into circular motion.
