

IoT Workshop

Machine Vision & Artificial Intelligence

**16 DEC
2023**

**10AM
-
12PM**

MCKL College
(Penang,
Pykett Campus)

INTRODUCTION

Explore the world of machine vision and artificial intelligence (AI) with us! Discover how computers can understand pictures and make smart decisions. Get hands-on experience, learn exciting features about AI, and how it can be implemented in our day-to-day life. No complicated jargons – just practical skills, fun activities, and a sneak peek into the exciting future of smart machine.

WHAT YOU WILL ACHIEVE

- To explore artificial intelligence skills needed by industry through hands-on computing workshop.

METHODOLOGY

Lecture

Hands-On
Activities

Discussions

WHO SHOULD ATTEND?

SPM
Leavers

IGCSE
Students

Secondary
School Students

**FREE
ENTRY**

**2 HOURS
INTRODUCTORY
WORKSHOP**
