WHO SHOULD ATTEND?

- Grade 9 & above
- Form 3 & above

CHOOSE YOUR PATH

A

SCIENCE TRACK

Explorers of the unknown

Lab Adventures

Step into our science labs and discover the wonders of science through hands-on experiments

Discover the Universe

Explore chemistry, physics, biology and more as you unlock the secrets of the world

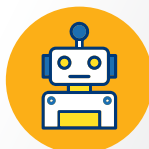

**INCLUDED IN
LEARNING
BUNDLE**

- Lab Coat
- Goggles
- T-Shirt
- Lab Manual
- Certificate of Participation

B

IT TRACK

Inventors of the future

IoT Fundamentals

Learn how everyday objects connect and communicate to make our lives smarter and more efficient

Basic Programming

Unlock the power of coding with basic programming courses. Start your journey with Scratch and progress to more advanced languages

**INCLUDED IN
LEARNING
BUNDLE**

- IoT Starter Kit
- IoT Notes
- T-Shirt
- Certificate of Participation

COMMON SESSION:

Design thinking for problem solvers

Design Thinking Workshops

Cultivate your creativity and innovation skills as you tackle real-world challenge

Interdisciplinary Learning

Collaborate with peers from both tracks to find innovative solutions to complex problems
