

WORKSHOP COMPUTING

Computer Vision and Artificial Intelligence (AI)

FREE ENTRY

1.5 HOURS
INTRODUCTORY
WORKSHOP

 **8 JUNE 2024 (SAT)**

 **9AM - 10:30AM**

 **MCKL PYKETT CAMPUS**

INTRODUCTION

Join our workshop to learn about computer vision and AI in a fun and easy way. Discover how computers can understand pictures and make smart decisions. Get hands-on experience, learn cool stuff about AI, and find out how this technology is used in real life.

WHAT YOU WILL ACHIEVE

-  To understand the fundamentals of computer vision and AI in an engaging manner
-  To explore how computers interpret images and make intelligent choices
-  To gain hands-on experience and discover real-life uses of AI technology

Methodology

Workshop
